Dear Parent/Guardian:

I hope your children's start of the school year has been positive. We had an outstanding start to the school year.

The federal law, *No Child Left Behind*, requires school districts to notify parents/guardians that they have a right to request information about the professional qualifications of their child's classroom teacher(s). As a parent/guardian, you have the right to request any of the following information:

1. Whether or not the teacher has met the Ohio teacher licensing criteria for the grade level and subject areas the teacher is instructing your child.
2. Whether or not the teacher has emergency or temporary licensing status that allows them to teach in a particular area without meeting state licensing requirements.
3. The teacher's college major and whether or not the teacher has earned any advanced degrees or certifications.
4. Whether or not your child is provided services by qualified instructional paraprofessionals (teacher's aides).

To request any of the above-listed information, simply circle the number(s) of the information you would like to receive, complete the form below, and return this letter to your child's building principal. Please use the BACK if you are requesting information on multiple teachers for your child.

I hope your student continues to have a successful year of learning.

Sincerely,

Steve Chiaro
Superintendent
