

**PARENTAL PERMISSION FOR RELEASE & PUBLICATION
OF STUDENT PHOTOGRAPH/IMAGE**

Dear Parent/Guardian:

It is our practice to seek parental permission before including your child's photograph, videotape or otherwise record your child and his/her school work on the District Web page or in any internal building projects (bulletin boards, classroom displays, school yearbooks/bulletinsetc.) or external publication (press releases, billboards, print ads); or to release these images to the media in furtherance of the Board of Education Policy to encourage positive portrayals of the District in the media, through other educational institutions or distributed through a cable television station or network. In order to release or include your child's photograph in District or media projects, we must have your **consent**. Please review the information below. **Please check the appropriate line, sign and return to school. If you do not return this form to the school, permission to use your child's photograph as described above will be granted.**

Please note - Any student attending or participating in any school function open to the public and/or media (Pep Rallies, Band Concerts, sporting events, etc.) will be subject to being photographed/video taped regardless of status of parental waiver. Photographers will do their best to locate student's parental waiver; however, if they are unable to locate the parental waiver, students are responsible for informing the photographer if his/her image may NOT be used.
