August 2025

Valued Lincoln Family,

Welcome to the 2025-26 school year...we are humbled to be entrusted to partner with you in educating your children. We aim to provide a strong educational foundation for the youth of our community. Accompanying our educational program is a myriad of co-curricular and extra-curricular activities that supplement the learning in the classroom and provide enriching opportunities for our students. We believe that our academic and other curricular programs provide authentic and rewarding learning opportunities for each of our students. It is our mission to pursue excellence in all we do. Our first priority is being student-centered. We strive to ensure that we are providing our students a challenging educational environment, which helps develop the mastery of knowledge, enhances critical thinking skills and assists students in appropriate social-emotional growth.

A successful educational experience is built upon a strong partnership between families and school. As educators, we work to reinforce important family values within our schools. We encourage and appreciate that our families continue to support the work which educators are engaged in with their children. We hope our partnership this year allows us to strengthen this bond as we work to be the best we can for our children. We will continue to ensure quality communication via webpage, emails, Final Forms, and phone calls, along with classroom communication systems in such a manner that puts the information at your fingertips. Your family can begin the year off positively by marking down the following upcoming important dates for Lincoln students:
