2024-25 District Calendar  
Featuring the 2023-24 Annual Report

# Great time to be a RAIDER!

As we prepare for the start of the 2024–2025 academic year, we do so with such great anticipation of amazing opportunities that are on the horizon for children in the Warren City School District.

First, as we shared throughout the start of last year, our academic data continues to show progress across most subjects and grade levels. We continue to see our students achieve academic data points stronger than our pre-pandemic data, especially in our lower and middle elementary grades. This tells us that we are building a stronger foundation in mathematics, literacy and science with each cohort of students, each grade level and with individual students, which is our ultimate goal.

Second, we are proud that all of our students attend school in what we believe to be the most up to date, safe, clean and educationally strong facilities across all of Trumbull County. Despite our buildings being over 10 years old, the hard work and dedication of our staff, students and community have helped us to maintain a first class learning environment. In Warren City Schools we take pride in our long-standing traditions and strive to offer the very best opportunities to our students.

With regard to traditions in the Warren City Schools, we believe a well rounded learning experience builds strength in each student. With this in mind we have worked to expand our elementary and middle grades swimming program, invest in an additional e-sports lab for our high school students scheduled to open this year, and build a dedicated space for our outstanding robotics team to practice and prepare for their competitions like never before. We are expanding our programs to meet the diverse needs of our students and preparing them for a promising future. When a student graduates from Warren G. Harding High School, they are graduating from a world class campus that looks more like a small or mid-sized college than a high school!

We are proud to say that we are challenging the norms in all that we are building and doing in line with educating children in the City of Warren. This cannot be more evident than the 34 million dollar investment in our Student Recreation and Wellness Center, set to open for students in alignment with the start of the school year. We will work diligently throughout the first semester and throughout the entire first year of operations to integrate our staff and students in preschool - grade twelve on how this facility can enhance many aspects of their educational experience, both academically and athletically.

Simply stated, we are blessed to offer these outstanding opportunities and experiences for our students. Moreover, I look forward with great anticipation in seeing the positive outcomes that should follow for generations to come.

## EMERGENCY NUMBERS REQUIRED

All of Warren City School's parents and/or guardians need to complete an emergency contact form via our online system called FinalForms. It is required that parents/guardians properly complete and update the information requested. In the event of an emergency, such as injury to your child, illness of your child, or bad weather affecting transportation, school officials need updated information on how to reach you. If your emergency contact information changes during the school year, please update your information via FinalForms.

In the event that you are unable to pick up your child, or when outside emergencies require you to make other arrangements, it is very important that your child's school is provided with all the necessary information regarding individuals permitted to pick up your child. Schools will not release your child to anyone unless that individual is listed with the school office and proper identification is provided. This is for your child's safety.

## STUDENT'S GUIDE TO POSITIVE BEHAVIOR

The *Student's Guide to Positive Behavior* will be distributed the first week of the new school year to all students. Any student not receiving a *Student's Guide to Positive Behavior* can obtain a copy in the main office of each school building, at the Administration Building (105 High Street NE), or by accessing the District website ([www.warrencityschools.org](http://www.warrencityschools.org)). Parents are asked to review the *Student's Guide to Positive Behavior* with their child. Adherence to this Guide is expected.

## **DRUGS PROHIBITED**

In accordance with Federal law, the Board of Education prohibits the use, possession, concealment, or distribution of drugs on school grounds, in school or school-approved vehicles, or at any school-related event. These rules and regulations shall be enforced on school property, including school-owned buses or buses contracted for school purposes; at school-sponsored activities, whether on or off school property; off school property if conduct is directed at school personnel; at bus stops if infractions are witnessed by school personnel; on the way to and from school, or anywhere off school property if the behavior directly affects the general welfare of the school.

The Warren City School District Board of Education passed policy 5530.01; Drug Testing of Students Involved in Non-Academic Activities. The suspected use of alcohol, tobacco and illicit drugs is a serious concern. We believe that a stronger program of deterrence can be a proactive approach to promoting a truly drug free school environment. Policy 5530.01 directs the Superintendent of Schools to establish procedures for the implementation of substance abuse testing for students in grades 7-12 that participate in non-academic activities.

The purpose of creating a drug testing program shall be:

1. To provide for the safety of all students;
2. To undermine the effects of peer pressure by providing legitimate reasons for students to refuse to use drugs, tobacco and alcohol;
3. To encourage students who abuse drugs to participate in a drug treatment program; and
4. To prevent the impact drug, alcohol and tobacco use has on the learning centers of the brain, allowing students to achieve their full potential while attending the Warren City Schools.

This policy and administrative guidelines are a proactive approach to addressing a very serious societal concern facing our community. The goal of this program is to get students the assistance they need if they are using and/or abusing drugs and alcohol while further promoting a stronger, positive school climate conducive to student learning and success. This program is non-punitive and any student that has a positive test result will only be removed from the privilege of participating in the activity, not removed from school under suspension/expulsion provided their conduct is not in violation of the WCS Student's Guide to Positive Behavior.

## SCHOOL VISITOR PROCEDURES

The health, safety and security of our Students and Staff remain one of our highest responsibilities. For the educational programs to continue uninterrupted and to promote a safe and secure learning environment, the District has adopted the following school visitor procedures, outlined in the Board of Education Policy 9150. The Superintendent shall enforce these regulations to protect students and employees from disruption to the educational program and daily activities.

**Please be advised that community health guidelines may impact school visitation**

### **If You Plan to Visit:**

- Parents and school visitors should make advance arrangements with the school office. Upon arrival at the school, parents and visitors must register with the office.
- The building administrator or designee will arrange all parent or visitor conferences with teachers and may need to be present.
- A student will be permitted to leave the school only with a person who has been clearly identified as his or her parent/guardian or a person authorized to act on the parent/guardian's behalf. Photo identification may be required.
- Business persons must also register at the school office and receive authorization to be present to conduct business either before or after the regular school day.
- The Superintendent or building administrator has the authority to prohibit the entry or to expel any person from a school when there is reason to believe the person would be detrimental to the order of the school.

## STUDENTS WITH DISABILITIES

The District provides a full range of services for all students with disabilities up to the age of 23. These include, at no cost to parents, evaluations, placement options, and the provision of appropriate educational services in the individual student's least restrictive environment. Since early identification is crucial to serving students with disabilities, parents are encouraged to seek assistance from the Special Education Office at 330-841-2321, ext. 7224.

## CHILD FIND

Local educational agencies are required, under Federal Regulation 34 CFR 300.220, to initiate an awareness campaign to locate, identify and evaluate children with disabilities who may need special education or related services. This campaign is known as "Child Find." Parents, relatives, public and private agencies and concerned citizens can help school districts find any child, age birth through 21 years, who may have a disability and need special education or related services. If you are aware of a Warren City child who may have special needs and is currently not being served, please call 330-841-2321, ext. 7224.

## REPORTING SUSPECTED ABUSE/NEGLECT

Suspected abuse/neglect will be reported by Warren City Schools' staff members in order to protect the child involved, as required by law. Abuse should also be reported by anyone who suspects that it exists. The intent of the law is to get help to children and families in need. To report suspected abuse or neglect, please call, visit, or write to the Trumbull County Children's Services Board or a law enforcement agency in your community.

# **Attendance Is Important Every Day**

Did you know that missing as few as two days of school per month will make your child "Chronically Absent?" Moreover, according to the US Department of Education, chronic absenteeism is a primary cause of low academic achievement and a powerful predictor of which students will eventually drop out.

The Warren City School District has high expectations for student attendance. We challenge our students to miss no more than 8 days of instruction during the school year. Attendance is important every day and anytime a student misses school, valuable classroom instruction is missed. It is important to make sure your child is in school, on time, every day to give him or her their best opportunity for success.

Please remember...

- If your child is ill, it is important that you call the school and send a note explaining why your child was absent.
- Each and every student is important to the District, as is their daily attendance.
- State funding is vital to your child's education and daily operation of our District, including supplying students with the educational materials necessary to be successful in school.

Improving student attendance is a priority in the Warren City Schools. Our expectations for students and parents remains high, as we know that students that attend school on a regular, consistent basis are often times much more successful than students that do not. The reporting of attendance has changed due to the passing of HB410. Attendance is now calculated based on hours, not days in attendance. Therefore, all time missed from a school day accumulates toward student absenteeism. For more detailed and building specific information regarding student attendance, please refer to the Student Handbook specific to your child's school.

# 2023-24 Financial Highlights

The five year forecast for the District for the fiscal years 2024 through 2028 indicates a strong General Fund cash balance for the district through 2028, a full five years. The projected ending General Fund cash balance per the May 2024 forecast is \$67,667,067. The current state budget formula continues to be favorable to the District due to an emphasis on directing dollars to those Districts which do not have as much economic capacity to generate local funding. State funding makes up 75% of the Warren City Schools total revenue. With a reliance on state funding and future uncertainties of what formula the state will use to fund schools, the Board and administrative staff continue to examine educational programs and staffing in order to maximize our dollars effectively. There are always uncertainties which must be monitored throughout future fiscal years that could change the financial outlook of the district.

In spite of these challenges, the District continues to make decisions based on what is in the best interest of the children. This is the overriding factor in determining the areas in which dollars are spent. Currently the district is receiving funding through federal grants to support student success and wellness needs. Overall, the district has received \$48 million in Federal Grants from March 2020 through December 2024 to support the needs of students and families that were a result of the COVID 19 pandemic. Of this total, \$16.5 million was used to support the Recreation and Wellness Center.

During fiscal year 2024, the voters in the Warren City Schools district passed a fixed sum renewal levy which generates \$3.9 million. We want to recognize that our taxpayers have always been strong supporters of education even though we are in the mist of trying economic times in the area. Currently residential property owners pay 12% (\$11) of the daily cost to educate a student. Thank you for all your continued support.
