**STAFF NETWORK AND INTERNET ACCEPTABLE USE AND SAFETY  
 AGREEMENT**

To access the District network, e-mail and/or the Internet at school, staff members must sign and return this form.

Use of the Internet is a privilege, not a right. The Board's Internet connection is provided for school business and educational purposes only. Staff shall not access entertainment sites, such as social networking sites or gaming sites, except for legitimate work-related purposes. Unauthorized or inappropriate use will result in a cancellation of this privilege.

The Board has implemented the use of a Technology Protection Measure, which is a specific technology that will protect against (e.g. block/filter) Internet access to visual displays that are obscene, pornographic, or harmful to minors. The Board also monitors online activity of staff members in an effort to restrict access to pornography and other material that is obscene, objectionable and/or harmful to minors. The Superintendent or designee may disable the technology protection measure to enable access for bona fide research or other lawful purposes.

Staff members accessing the network through the Board's computers/network assume personal responsibility and liability, both civil and criminal, for unauthorized or inappropriate use of the Internet.

The Board reserves the right to monitor, review and inspect any directories, files and/or messages residing on or sent using the Board's computers/networks. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.

To the extent that proprietary rights in the design of a web site hosted on the Board's servers would vest in a staff member upon creation, the staff member agrees to license the web site by the Board without further compensation.
