**TRUMBULL COUNTY EDUCATIONAL SERVICE CENTER  
BUSINESS ADVISORY COUNCIL**[\(https://www.trumbullesc.org/\)](https://www.trumbullesc.org/)**TCESC Business Advisory Council – Core Purpose Statement**

To foster a strategic partnership between education and industry across Trumbull County, empowering students with the real-world skills, experiences, and networks needed to thrive in today's economy, while guiding Trumbull County schools to stay attuned to current and emerging workforce and community needs.

**TCESC BAC Vision Statement**

Develop a well-prepared workforce that is equipped with the knowledge, skills, and experiences necessary to meet the demands of a rapidly changing economy—empowering all students to achieve meaningful careers, strengthen local industry, and contribute to a thriving Trumbull County.

**TCESC BAC Mission Statement**

The mission of the Trumbull County ESC Business Advisory Council is to bring together educators, business leaders, and community partners to align education with the evolving needs of the regional workforce. Through collaboration, innovation, and strategic planning, the Council works to ensure that schools provide students with relevant, real-world learning experiences that foster career readiness, support economic growth, and promote lifelong success.

Serving as trusted advisors to the Trumbull County Educational Service Center Governing Board, members help empower educators to deliver instruction and opportunities that prepare students to thrive in a dynamic workforce, explore high-demand career pathways, and make meaningful contributions to their communities. The Council is committed to ensuring that graduates of Trumbull County high schools possess the essential knowledge, skills, and attitudes needed to succeed in the competitive job market of the future.

**Initiatives**

The TCESC Business Advisory Council is implementing a series of initiatives aimed at enhancing workforce readiness throughout Trumbull County.

These efforts include expanding apprenticeship and pre-apprenticeship opportunities in partnership with local employers, creating early career awareness for students in grades 4–6 through experiences such as JA BizTown, and offering teacher externships that allow educators to gain firsthand industry experience and bring relevant workforce insights back to their classrooms.

The BAC will collaborate with school districts to host informational meetings for school leaders, focusing on best practices in workforce development programming and curriculum design.

In addition, the BAC looks to launch Family Career Nights to increase parental awareness and involvement in students' career planning.

The TCESC also received the HOWMET Manufacturing Grant for the 2025–2026 school year, which will support twice-exceptional (2e) students by engaging them in career connections and CTE programming tailored to their strengths.
